

EUGENE HIDEAWAY BRIDGES | 100 WORD BLURB

Home is wherever the next performance takes him, the USA through Europe to Australia, with many stops in between such as China and Singapore.

Since 1998 Eugene has recorded four studio CDs with a full band. His last release Eugene 'Hideaway' Bridges featured solos and duos with friends and fellow musicians met on the road. This CD was nominated for two of the prestigious US Blues Foundation, Blues Music Awards 2008.

With numerous requests for a CD that captures the Eugene live sound, March 2009 saw Eugene and his band record a live performance at Chango's Havana Club, San Antonio, Texas.
